School News

Parents coffee morning. Thank you to the parents who joined the recent year six coffee morning. The meeting was well attended and parents explained how supportive the meeting was. The majority view was that it would be good to have more class based events like this for parents to get together to be able to chat and share support. We have therefore arranged coffee mornings for parents from partner classes. They will be held from 9.30-10.15 in the school hall. Please do come and join in when it is your child's class! The dates are on the back page.

Red Class

Red Class enjoyed completing an experiment this week. The pupils took turns pouring vinegar and baking powder into a pot and watched with curiosity as a fantastic foamy explosion appeared. It was a wonderful opportunity to explore cause and effect.

Yellow Class

Another busy week in Yellow Class! In our art session we used lots of different fruits and vegetables to stamp different shapes and create patterns using paint. In cooking this week, we made our own hummus, which we ate with our afternoon snack, yum!

Dragonfly Class

This week, Dragonfly Class enjoyed activities in the sensory tunnel as part of this term's new immersive experiences and stories. They also enjoyed a mark making session where the children chose their preferred items and textures to explore. We also learnt about Mary Seacole as part of our Black History Month activities.

Pink Class

This week in Pink Class, the children have enjoyed exploring different sensory activities. We have been enjoying messy mark making activites using taste safe paint. The children have also been continuing to explore the chemical reaction between vinegar and bicarbonate of soda. They have particularly enjoyed watching the bubbles form and listen to the sound it created.

Blue Class

In Blue Class this week, we have been celebrating Black History Month by learning about Alma Thomas. She was a famous African American artist known for her bright, colourful artwork inspired by nature and music. The children enjoyed creating their own artwork using different coloured pieces of paper whilst listening to music. It was lovely to see the children exploring colours, making choices and expressing their creativity!

Bumblebee Class

This week Bumblebee Class have carried on with their exploration of Colourful Semantics to support their comprehension. They focused on identifying the actions they saw in photos and matching the right visuals. In maths learning, some of the class worked on consolidating their understanding of addition within 10 whilst others explored using their hands to mould dough into shapes and patterns. The pupils also made an autumnal blueberry pie in cooking and explored creating bubble snakes in an experiment!

Orange Class

This month Orange Class have been celebrating Black History Month and the focus for the class this week has been learning about the abstract work of Alma Thomas. The children were encouraged to use different creative materials such as paint and fabric to recreate their own colourful Alma Thomas inspired piece of art. Orange Class have also been focusing on their fine motor skills, using tweezers to pick up some fruits through a maze of tape!

Gold Class

This week in Gold Class, our pupils celebrated Black History Month by baking delicious sweet potato biscuits. The pupils demonstrated excellent focus whilst using visual sentence strips to sequence the steps of the recipe. They also practised their fine motor and literacy skills by using whiteboard pens to write out key words and ingredients. The pupils worked hard in their phonics sessions, where they successfully used their segmenting skills to read words on the Interactive Whiteboard.

Green Class

This week, Green Class have enjoyed exploring light-up spiky balls during our art session. The pupils had lots of fun rolling the balls across the paper to create colourful paintings, exploring the different textures, lights and movements as they made their own unique marks. We also enjoyed using the Interactive Whiteboard to create patterns in a variety of colours. The children were fascinated by how their touch made the colours and patterns appear, as well as triggering exciting sounds.

Rainbow Class

This week in Rainbow we have been using different instruments to work as a team to create songs. We have used the drums and iPads to play and keep in time together. At Elm Court we used our cutting skills to create different shapes and worked on autumnal artworks using watercolour paints.

Purple Class

It has been a wonderful week in Purple Class! We have been reading '*Paddington Bear'* and we had lots of fun during our sensory story! We also enjoyed following instructions to make Paddington Bear's favourite marmalade sandwich! We loved tasting new flavours and practising our spreading skills. In My Thinking, we had great fun opening our shop and learning about counting money!

Butterfly Class

Over the last week, Butterfly Class have been busy exploring different foods and making a butterfly salad using celery, carrots and cabbage. The children enjoyed exploring the ingredients with their hands and were supported to cut, slice and chop. Developing our fine motor skills proved motivating and the OT session offered a range of activities that kept the children highly engaged.

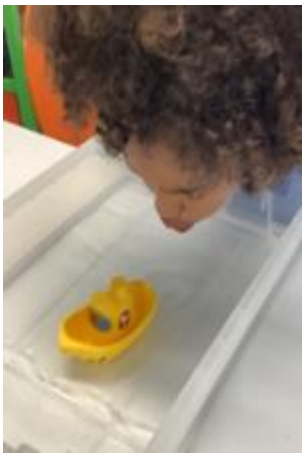

Silver Class

This week, Silver Class has been focusing on handwriting, mark making and reading comprehension. The pupils have been developing their pencil control, letter formation and fine motor skills, whilst others have been reading texts about our school and answering questions to improve their understanding and recall. These activities have helped pupils build their literacy skills, confidence and independence at their own levels.

Unicorn Class

This week in Unicorn Class we have been playing games of 'Simon Says' by putting a name on to an instruction we are giving and giving multiple step instructions. We have also been investigating how different forces effect different modes of transport. We have been looking at cars, boats, planes and trains.

Ladybird Class

This week Ladybird Class have been focusing on developing their hand eye coordination as well as their fine motor skills. The children have been learning to place wooden pegs on a numbered dinosaur. Ladybirds have also been learning to use pipettes whilst taking part in an experiment using lemon and baking soda experiment.
