

The Livity School Weekly Newsletter

School News

What a fantastic start to the school year. The children have settled in well and the new pupils are already proving themselves to be a wonderful addition to our school community.

We are starting to see the beginnings of cooler weather and the need for coats and scarves. Please do make sure all your child's clothes are **labelled clearly!** We will always do our best to reunite your child with lost clothing and this is made easier when their names are visible.

It is important that all pupil absence is reported to the school office on the first morning of absence. The school office opens at 8.00am and there is an answering machine where you can leave messages.

Red Class

In Red Class we do lots of sensory activities. Here the children are doing Sensology, looking at what parts of our body do e.g. we taste with our mouth and see with our eyes. The children enjoy touching, smelling, tasting, and seeing different fruits, foods and objects. They have really enjoyed the sensory experiences they provide.

We've been getting creative in our cooking lessons this week in Pink Class. We made a delicious fresh salsa with tomato, onion, coriander and lime which we whizzed up in the blender and ate with some tortilla chips. Yum! In music we've been practicing responding to "stop" and "go" by playing musical chairs.

Yellow Class

Yellow Class children have been creating their personal piece of art work to display it in the class. They chose their favourite colours and materials. They also did so well during Sensory Engagement sessions feeling more confident when exploring natural resources offered to them.

Blue Class

This week Blue Class has worked with "Zones and Regulations" as part of their daily routine. This is used for them to understand their feelings. Identifying their own feelings is part also of our theme "ourselves" in which we are working on this term.

Pink Class

Orange Class

Orange Class have continued to learn about themselves, focusing on senses. Children tasted, smelled, and touched different items. They enjoyed this activity and some were able to match words to pictures of the items that they tasted.

Purple Class

Purple Class enjoyed learning how to make a healthy breakfast. We learned to follow cooking instructions and to use a microwave to make quick oats.

Butterfly Class

Our favourite activity this week has been music with Kim. We like making song choices and expressing ourselves with the instruments. We have also enjoyed mark making in a range of sensory materials such as rice, custard and flour.

Rainbow Class

Rainbow and Silver Classes opened the "Tuck Shop" this week. We had a very good and successful morning where many students from every class came to partake in the activity and we made £34. We look forward to doing this activity every Wednesday. We also made porridge, where we followed a cooking schedule promoting independence.

Green Class

This week Green Class have enjoyed playing with switches and UV lights to light up parts of the class room and various UV toys.

Ladybirds

Ladybirds Class have had a fun time making ladybird decorations from red cellophane and glitter. We have enjoyed using our new home role play and reading our new story *Ketchup on your Cornflakes*.

Bumblebee Class

Bumblebee Class have been learning more about their body parts and enjoyed following 'body parts' rhymes including 'Head Shoulders Knees and Toes'. Pupils have also been very engaged in our cooking lesson by mixing and smelling and touching oats with cinnamon. We matched numbers and counted numbers with stacking blocks in our math's lesson. We have had lots of fun in starting to brush our teeth after lunch.

Silver Class

This term Silver Class students have been learning how to recognise their name and the names of their friends. They have been developing their hands and wrists control during fine and gross motor skills activities. At The Livity school, we teach our students to write in pre-cursive script and they will have plenty opportunities to practice as the year develops. We are also beginning 'Mighty Muscles' to strengthen their fine motor skills in preparation for writing through a range of activities.

Gold Class

This week, Gold Class have been working on number value and number sequencing. We also use Colourful Semantics to make sentences to describe the pictures of our Cooking lesson from last week.

Unicorn Class

This week in Unicorn Class we have been working on our ICT skills. Operating the mouse and keyboard and solving shape puzzles. We have also been working on our writing to create a profile of ourselves as Superheroes!!!

Dates for your Diary 2022

Half Term: 24th October until 28th October

Break up for the Christmas Holidays: 16th
December

All our term dates are available on our
website.
