

School News

Lambeth EHC Hub: You would have received a letter last week from Adam Yarnold explaining the new process of reviewing and monitoring EHCPs for pupils in Lambeth from 2021. Please read the information attached to your letter as you will find this useful. You will receive an email with a link to complete your EHC Hub registration and once you have registered you will be able to provide your comments and views about your child/young person's progress towards their EHC Plan outcomes.

Goodbye to the Year 6 Leavers as they transition to their secondary schools. As always, it will be with mixed emotions as we say goodbye to them and their families.

We will also be saying goodbye to a few staff members this term, Ewa Drobnicza, Orange Class Teacher, Ainhoa Alcobendas, Gold Cass Teacher, Serena Anderson, Teaching Assistant. We wish them all the best for the future.

We wanted to say a special goodybye to Yellow Class Teacher, **Anthony Casey**. Anthony joined The Livity School in 2004 and has taught, cared for and supported many children and their families over the years. Anthony has now decided to retire and have a well deserved rest from educating and caring for children. We wish you a wonderful retirement! It's hard to believe the time has come to say goodbye. Thank you for your dedication, enthusiasm and all that you have contributed over the years. Anthony will be greatly missed by all the pupils, parents/carers and staff at The Livity School.

Finally we would like to say a big thank you to all parents and carers for the continuing support you have given to The Livity School this year. We wish you all a safe and wonderful holiday and we look forward seeing you all on the **2nd September**.

Red Class

Red Class enjoyed sports day activities. It was a fun time with hands-on activities. We have also been preparing activities to acknowledge that one of our friends is moving to secondary school in September. Last Thursday we also had a session on a bouncy castle which all the children enjoyed.

All the children had a fantastic, enjoyable, and fun time.

Yellow Class

Yellow Class had sports day with Green Class and Red Class last week. The children had 5 challenges to do: the parachute, bowling, water, knock down and a sandcastle. We then finished with a race.

Gold Class

We have say goodbye to some of our Gold Class friends. We will miss them and wish them all the best in their new school.

Pink Class

We had a wonderful time on our outing to Battersea Park Children's Zoo. The children loved the lemurs and squirrel monkeys and also the pig, chickens and donkeys. We saw the children use lots of wonderful communication to share what they could see and we were so proud of how the children waited and took turns on the play equipment afterwards. They loved the visual timetable to show our itinerary and followed instructions very well.

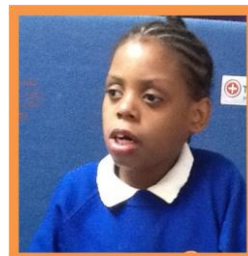

Blue Class

We have been continuing with our topic 'Living Things'. The children carried out an experiment to see whether insects or other animals would be attracted to jam or chocolate spread. They took photographs of the results the next day of what they found. The children also looked for other minibeasts.

Orange Class

This week we have been having our celebration parties for the children that are leaving. Our children really enjoyed the bouncy castle experience.

Ladybird Class

This week Ladybirds Class has been very busy developing fine and gross motor skills through messy play and sensory story. We also enjoyed our transition sessions in the big playground exploring our environment and space.

Green Class

Green Class have had a very special week. We have been participating in 'Mental Well-Being' week and made our own mindfulness bottles. We also competed in the informal strand sports day activities and did very well. This week we have been celebrating the achievements of our leavers and had a fantastic day of celebrations, we especially loved the bouncy castle and disco.

Purple Class

Purple Class has been exploring the outdoor environment for their science lesson. We used a magnifying glass to help search for minibeasts around the playground and used symbols to be able to indicate what we found. We have also been reviewing past learning, which has been really good to see that the children have remembered and still enjoy what they have learned.

Butterfly Class

Butterfly Class has explored cereal and bagels in our Breakfast Club session – touching, smelling and tasting as they explored the breakfast food. They enjoyed a spa session

as part of the 'Mental Well-Being' week with foot washing and foot massages.

Silver Class

Silver Class visited the Horniman Museum and learned about a range of animals. We then visited their farm where we saw some real animals! We had a fabulous time together. We also had a celebration to say goodbye to all the children who are transitioning to secondary school. We will truly miss you and we wish you all the very best as you embark on your new adventures.

Stay Alert to the Symptoms of Coronavirus

HIGH TEMPERATURE	NEW CONTINUOUS COUGH	LOSS OF TASTE OR SMELL?
------------------	----------------------	-------------------------

No one in your household should leave home if any one person has symptoms. Stay at home and do not have visitors until you get your test result – only leave your home to have a test.

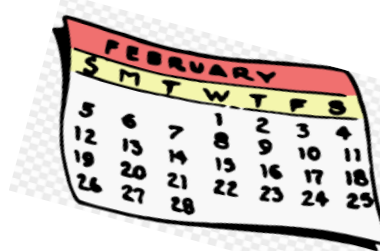

You can book a free COVID test by visiting the following web address:
