

The Livity School Weekly Newsletter

School News

Welcome back after the half term break. We hope that you were able to enjoy watching or take part in the wonderful Jubilee Celebrations that took place. It was a great opportunity to come together and enjoy making memories.

As we return for the summer term we are looking forward to some good weather for our outside activities and the upcoming sports week. As our pupils play regularly outside, it is important that they are protected from the sun. When necessary, please apply sun cream to your child each morning before coming into school. It would also be helpful if you could please send in a bottle of sun cream (clearly labelled with their name) which we will keep in class until the end of the term to use during the day if required.

We look forward to seeing you over the next few weeks for the variety of events which we have planned. Details will be sent shortly.

Please remember to call the school office before 7.30am if your child is going to be absent.

Red Class

The Spirit of the Wild team visited Red Class to show us some different rainforest animals. It was a wonderful experience. The children were very brave and gentle handling the animals.

Yellow Class

Yellow Class children have been looking, smelling and manipulating flowers during sensory engagement sessions. This stimulates their senses and develops concentration. They have been also searching and collecting different objects hidden in 'gelli baff' sensory slime.

The children enjoyed the *Spirit of the Wild* show. They looked and touched different animals such as an owl, a snake, a meerkat and a skunk.

www.thelivingschool.co.uk

They were also very engaged in the sensory story *The Blue Abyss* and chose their preferred props to use during the story.

Pink Class

Pink Class had a great time meeting all of the animals that *Spirit of the Wild* brought in. We have also been having lots of fun in our PI room sessions; trying on different hats and wigs and seeing what we look like in the mirror.

Blue Class

Blue Class children had a fantastic time celebrating the Queen's Jubilee at the end of the term. Children had a party, and dressed up as kings and queens.

This term we are continuing with our curriculum topic entitled *Water*. This week children have been share-reading the story *Mr Archimedes' Bath*.

Orange Class

In Orange Class this week, children were happy to be back after half term and ready to learn. We continued to read our story of the *Gingerbread Man* and children had lots of fun during our cooking session. They were able to bake their own gingerbread men whilst developing their gross and fine motor skills.

Ladybird Class

Ladybird Class had an excellent week. All of the children have engaged and participated in a variety of learning activities. We had so much fun in our sensory messy play, fantastic maths work and cooking session.

The children enjoyed seeing, touching and learning about the animals that came to school during the *Spirit of the Wild* show.

Rainbow Class

We had a very good week back. We started a new story called *The Runaway Iceberg* continuing on with our theme of *Water*. We worked on reading and writing for our story. We also had a chance to do stop-motion animation and used our under water displays with some resources to create videos. We look forward to our trip next week to the Battersea Park Zoo.

Green Class

This week in Green Class we have been encouraging our children to do little tasks around the school.

Gold Class

Gold Class pupils have been working on being independent and completing set tasks. We made pretend mud and worm cups during our cooking lesson. The children also enjoyed role play games to learn about different animals and their habitats.

Purple Class

This week Purple Class have been making lava lamps with water, oil and food colouring. In cooking we have also been making gingerbread men!!!

Butterfly Class

In Butterfly Class we really enjoyed having a visit from *Spirit of the Wild*. We met an owl, cockroach, parrot, meerkat, frog, millipede, skunk and most exciting of all a snake. We loved interacting with the animals.

Silver Class

This week Silver Class pupils have been making pizzas with the help of a cooking schedule. Pupils have been practising their phonics and cvc words. The phonics sessions aim to develop children's reading and spelling skills.

Stay Alert to the Symptoms of Corona Virus

HIGH TEMPERATURE	NEW CONTINUOUS COUGH	LOSS OF TASTE OR SMELL
