

The Livity School Weekly Newsletter

School News

Welcome to the fourth 'Livity Life' newsletter.

Next week is half term. Pupils are due back on Tuesday 25th February. School is closed to pupils on Monday 24th February for staff training. The staff training will focus on our new curriculum and meeting pupils' individual needs.

The next parent/carer meeting will be on Tuesday 4th March.

If you would like to join the WhatsApp group managed by one of our parents, please contact Sandra on Reception.

Please remember to call the school office if your child is going to be absent as soon as you can.

Here is the news from all the classes.....

Red Class

This week in Red Class we have been making biscuits and cards for Valentine's Day to send home to the children's families. Great work too in both physical programs and communication. Have a lovely half term and we look forward to telling you about our exciting plans for when we return. Enjoy!

Yellow Class

This week Yellow class have been encouraging the children to use their voices by vocalising into the microphone. They have really enjoyed hearing their voices out loud to each other. A note for parents and carers - please remember to send in swimming nappies for your child to enable them to go swimming.

Blue Class

This week Blue Class children made Valentine cards and decorated playdough ornaments, as gifts for their families to celebrate this event. Children have also been exploring and developing their musical skills. They have practised playing a range of instruments, such as Chime bars, glockenspiel, and drums to music as well as producing sounds using recorders and flutes.

Gold Class

This week in Gold class we have made fruit salad in our cooking lesson, Valentine's photo booth in my creativity and we had a very good dance session.

Pink Class

Pink Class had a fantastic week. We enjoyed making playdough and exploring with it using shapes, animals and alphabet cutters and linking our sensory activity with our big book story. Have a lovely break.

Orange Class

Orange Class have made delicious salad wraps and pupils were asked to buy them using coins. Once again, the children proved their ability to recognise and count the coins. Our Friday massage session was very successful as our friends from Purple and Gold Classes enjoyed it, especially the foot spa! Next term we are planning to continue inviting different classes to join our message and relaxation.

Ladybirds Class

Ladybirds Class have been enjoying our new story - 'Sounds Around Town'. We've been listening hard to identify sounds and also thinking about how to activate them. It's been really nice to see friendships develop more over recent weeks and see children learn to pass toys to each other and try to share toys and work alongside each other during a range of activities. Also, we wanted to inform parents that our cooking time has changed from Tuesdays to Mondays. Wishing you all a lovely half term break.

Green Class

Green Class have been doing some excellent switching in the sensory room this week. We enjoyed controlling the coloured lights in the dark and setting off the wind machine, especially when it blew our hair. We hope you have a fantastic half term break.

Purple Class

This week Purple Class went to the cinema to watch Shaun the Sheep. We really enjoyed eating popcorn and watching the movie with children from other schools. We wish you a lovely holiday and cannot wait to see or hear how it went.

Butterflies Class

This week Butterfly Class have been very creative in their topic sessions. The pupils have been making models of alternative homes from recycling materials. Our models include a farmhouse, an igloo, a lighthouse and a birds' nest. Have a wonderful half term and we look forward to seeing the chatbooks after the holidays with all your news!

Silver Class

Silver Class have been making Valentine's cards during art lessons and making Valentine's cakes. They have been listening to Newsround and answering questions about it. Also, they have been learning about personal hygiene. After half term during 'How My World Works' lessons, we will be sowing tomato plant seeds and watching them grow.
